

Why Compass?

Discover how we're helping buyers and sellers find their place in the world every day, one home at a time.

COMPASS

Our platform

Developed in-house, every Compass tool is designed to modernize both sides of the real estate experience. Just as we compare properties and measure marketing performance with sellers, we also offer buyers exclusive access to listings not seen anywhere else.

Our community

Locally, we're counted among the top five brokerages in every one of our core markets; meanwhile, our national presence and uniquely collaborative culture present agents with unlimited co-brokering and referral opportunities.

Our marketing

The 150+ members of our in-house marketing and advertising agency ensure that every home we represent is portrayed in its finest light across every platform—from eye-catching billboards and installations to stunning print materials and digital campaigns.

By the Numbers

#1

Our rank as the country's largest independently owned brokerage

250+

Local offices spanning 120+ markets in the US

30K+

Compass transactions closed across the country in 2018

\$45 billion

Intelligent technology

Our products are each developed to simplify your experience at every turn.

Insights tool

Assess the impact of marketing initiatives and view traffic to your listing page using this custom data dashboard — from anywhere, at any time.

Collections tool

Your own visual portfolio of homes, this platform allows you, your agent, and anyone else involved in the search to share and track listings. Comment in real time and receive automatic pricing and status updates — all in one, centralized place.

Valuation tool

With the knowledge that your home receives peak attention in its first seven days on market, this tool accurately assesses its value to maximize buyer interest.

Search

Our dynamic search allows you to simply type in what you're looking for—no scanning through endless rows of checkboxes. Want to narrow down to only certain areas of a neighborhood? No problem — you can draw custom map boundaries to only see results where you want them.
